Second Lesson—John 13:1-15.

### Special Notices:

**Confirmation:** Please pray for those now in preparation. Perhaps you could do this best by praying for one candidate in particular.

"Defend, O Lord, this Thy child with Thy heavenly grace, that he may continue Thine forever; and daily increase in Thy Holy Spirit more and more, until he come to Thy everlasting kingdom. Amen." (Prayer Book.)

## CATHEDRAL SERVICE

The 75th Anniversary Service of Praise and Thanksgiving was held on Sunday, 3rd May, in St. Andrew's Cathedral at 3 p.m.

The whole School, including Council and Staff, filled the cathedral. Much time had been given by boys to rehearsal of the singing and the result fully justified it. His Grace the Archbishop gave an inspiring address and the whole service was most impressive in its dignity and sincerity.

The many parents and friends for whom there was no room in the cathedral will be able to hear the service broadcast by the A.B.C. at 9.15 a.m. on Sunday next, May 31st.

## OPENING OF THE NEW BUILDING

On Foundation Day last term the new laboratory and classroom block was officially opened by His Excellency the Governor.

When His Excellency arrived, he inspected the guard of honour provided by the Cadets, and afterwards commented favourably on its steadiness and turn-out. The official party then proceeded to the building, where speeches were made by the Headmaster, Mr. Robson (representing the Industrial Fund for the Advancement of Scientific Knowledge in Schools), His Excellency the Governor and Mr. Dixon who, as the Chairman of the School Council, invited His Excellency to officially open the building. All the speakers were introduced by His Grace the Archbishop. The official party, followed by parents and friends of the School, then proceeded to inspect the building.

The classrooms on the first two floors were open for inspection, while on the third and fourth floors various scientific displays and experiments were arranged; a large crowd availed themselves of this opportunity to inspect the building and also the rest of the School.

## APPOINTMENTS

The following appointments were announced on May 4:

To be Sub-Prefect:

Chadwick, T. V.

Chenery, B. G.

Crawford, H. J.

Gall, P. H.

Hyles, G. W. W.

R. B. Tubbs was appointed Captain of Golf.

Macphillamy, J. T. C.

Marr, D. E.

Millyard, J. R.

Neill, A. G.

Wallman, P. N.

Williams, R. D.

## THE UNVEILING OF THE PREP. SCHOOL SUNDIAL

On Wednesday, April 29, the Preparatory School boys were drawn up on parade around a section of the front lawn to observe the unveiling of the sundial. The guests for the occasion, Mr. and Mrs. S. C. Van Breda, the Headmaster and Mrs. Travers, Dr. and Mrs. F. Cash, Martin Bowdler and Mrs. Chambers were welcomed. The Headmaster then outlined the story of the development of the project and asked Mr. Van Breda to speak.

Mr. Van Breda, who designed and presented the work, spoke of the craftsmanship of the brickmakers of the early days and of the pleasure he had received as a working member of the "team". He and his son Tracy then unveiled the sundial while TV and press cameras whirred and clicked to record the scene.

Eric Spooner, of IIA, made a well-planned vote of thanks.

### THE RICHARD MARSHALL MEMORIAL SCOREBOARD

The "Record" is pleased to publish the following:

We write to all whose thoughtfulness and generosity have resulted in this wonderful tribute to Richard.

We would like all to know that, to us, the very fact that it was being built has been a source of great strength in a time of trial.

We can never tell how much it has meant to know that Richard's love for the School, the respect in which he held its traditions, and his firm convictions of his responsibilities towards his fellows, has been recognised in such a manner.

To have his name perpetuated on the playing fields of Northbridge, which are a tribute to the deeds and sacrifices of so many boys of Shore, is indeed a very great honour.

To the boys of Shore and other Schools who will see it in the years to come, we would say, "A memorial such as this does not commemorate deeds beyond your reach, for whatever Richard achieved was through giving of his best, and to aspire to do that is within the reach of every boy".

If remembrance will help others, Richard, denied the opportunity to render service to the School in later life, will continue to serve through his memorial.

The memorial to us is not so much a reminder of our loss, as a symbol of our enduring gratitude that we are privileged to have had a son, who in his short life, was destined to attain a standard worthy of being considered an example to others.

For the rest of our lives the playing fields of Northbridge will vividly recall to us the happiness of Richard's life at this great School and the happiness he brought to us.

We thank you all.

—Mr. and Mrs. Marshall and Gill.

### SOME SKILLS OF BACK PLAY

All the skills described below require constant practice in order that you may become confident enough to use them in matches.

#### 1. Beating a man on the outside by changing pace and swerving.

When you receive the ball, run towards your opposite number, taking short steps and running at three-quarter pace. Suddenly clap on full speed and, at the

same time, swerve sharply round him through the outside gap.

Even if your opposite number realises what your general intention is, he will not know on **which side** of him you will try to break through, or **when** you will make your move. The element of surprise is thus on the attacking player's side.

Remember, the essentials are — suddenly increase your pace, swerve sharply, be ready to use your fend.

### 2. Making an opening for the player outside you.

If you have not the speed or the room to beat your man, you may enable the man outside you to break through. To do this, instead of going through the outside gap, speed up and run at the player marking your own outside man. If he does not move to tackle you, go yourself; if he does, pass the ball out. The man outside you should have moved wide to take your pass and should be able, now, to go through.

### 3. The swerve itself.

This skill can be practised by placing objects along one tryline and swerving around them. The two goal-posts can serve as two of the objects and are approximately the correct distance apart.

Remember, the swerve must be sudden, preceded by a slackening of pace and shortening of step, and accompanied by an increase of pace and a fend-off where necessary.

### 4. The side-step.

This is practised in the same way as the swerve. When you become proficient at the swerve, begin to develop a "stutter" in your run—take little steps, and then tap the toe of one foot on the ground, dig the other boot in and sharply change direction.

### 5. The dummy pass.

Establish a pattern by passing the ball straight out the first three or so times you receive it. The next time, look at your outside man and swing your arms through as if you are going to pass. Instead of releasing the ball, however, draw it back sharply and, at the same time, dig your outside foot into the ground, change direction sharply and go through on the inside of your man.

### 6. The grubber kick.

If you cannot go through an opening yourself, or draw a man and put your outside man through, you may be able to grubber kick the ball into a vacant space behind the opposing backline. Your outside men can then run through and gather it or toe it ahead. The members of the opposing backline are forced to stop running, turn around and run in the opposite direction. Your own men should therefore get there first.

As your opposite is about to tackle you, grubber kick the ball diagonally through the gap between him and his outside man. As the backlines are so close, this gives the opposition very little hope of turning and retrieving the ball before your outside men reach it.

The grubber kick should make the ball skid along the ground. Drop the ball and, pointing the toe, kick the ball sharply with the upper part of the foot,

just before it hits the ground. Do not follow through with your leg but, rather, stab the ball.

### 7. Other kicks.

All backs should be able to punt accurately with either foot, grubber kick with either foot, and do a short, high kick over an opponent's head, which enables you to run through and gather the ball again.

These kicks can be practised by two players facing each other, at a distance of about twenty yards, and simply repeating the various kicks until reliability and accuracy are achieved.

### THE FIRST DRAMA SCHOOL

These holidays a drama school was held from May 18 to 25 for about 50 boys participating in the three plays. These will be put on in the next few weeks as part of the School's 75th Anniversary Celebrations.

These boys boarded at School House. On rising at 7 o'clock they were given physical exercises on the School oval. After breakfast they rehearsed till twelve, lunched at one, and rehearsed again till five.

In the evenings those not rehearsing attended the theatre and enjoyed such shows as "Thracian Horses", "Boeing Boeing", "Rattle of a Simple Man", "Tom Jones" and others.

All who participated worked hard and enjoyed themselves and the standard of dramatic work has improved accordingly.

**1st XV v. T.K.S.**

The game started at a fast pace and, after having played for only one minute King's was awarded a penalty 35 yards from the Shore line. However, the ball just failed to make the goal. Seven minutes later Shore was awarded a penalty just inside the King's 25. Gaden made no mistake in putting the ball between the posts to give Shore a 3-0 lead.

Then King's lifted their play and in quite a few instances Shore was lucky to prevent them scoring. At last, through a good piece of backing up King's managed to score in the corner. The conversion, a difficult one, went wide. 3-3. Five minutes later a King's player gained possession of the ball near the halfway line and ran right down the field to score near the posts. The try was converted. Kings 8-3.

Thirty-two minutes from the start King's won the ball from a loose ruck and the ball moved right out along the backline and the Shore winger could not prevent his opponent from scoring in the corner. King's 11-3.

Right on half-time Gaden kicked a penalty goal to make the score 11-6 in King's favour.

Both sides played hard after half-time, and in the fourteenth minute Tubbs kicked a magnificent field goal from near the touchline 35 yards out. Scores 11-9.

From a scrum right in front of the posts the ball was passed back to Bassingthwaighte who kicked an

easy field goal, giving Shore a 12-11 lead. After this King's attacked hard and Shore was lucky when a penalty attempt just missed and a long, clearing kick by Tubbs relieved the situation.

Two minutes from the end of the match, King's won the ball from a ruck, reversed the play and scored a converted try to make the score 16-12 to King's.

## SCOUT CAMP

During the last holidays the Scout Troop held its camp at Cattai Creek (about a mile from the Glenorie-Marsylya road) over five days in fine weather except for the last day. There were 20 boys and Headquarters in camp.

Friday was mainly spent in setting up camp, while the main event on Saturday was a race between two groups of boys in building a raft and a bridge to span the creek (about 50 feet wide at the camp site). The result was that the raft floated but the bridge collapsed. On Sunday the parents of the boys visited us for lunch, followed by a Scouts' Own service and a billy-boiling competition.

Monday saw a number of pioneering and first-aid exercises, one of which involved bringing "patients" down a steep hill on an improvised stretcher to a waiting "ambulance".

Camp was broken on Tuesday, with the Thrush Patrol (Stuart Swaddling, P.C.) winning the camp from Kingfishers, Kookaburras and Rosella Patrols.

### TONIGHT'S THE NIGHT!!

### LETTER TO THE EDITOR

Sir,

The School flag is given a place of importance in School life and it seems that we are proud of it. The emblem chosen for the 75th Anniversary of the School prominently features the flag. This flag was sadly misused last week.

I speak of the School's reception of the death of Mr. Nehru. To any observer the School was either ignorant or adopting a very casual attitude on this blow to hopes of world peace. It is customary, even if only a mark of last respect, to fly a flag at half-mast on being notified of the death of a world leader. On the day of Mr. Nehru's death, our flag, fluttering gaily at full mast, was unhappily contrasted with the two flags on the nearby A.M.P. building, both flying at half-mast.

—R.L.W.

### THE SHEEP SHOW

A visit to the Sheep Show was a reassuring experience for one interested to find out what influence Shore Old Boys have in the community generally.

The mere number of Old Boys one met at the Show was impressive. The part they played there was even more so. Apart from the Old Boy Councillors of the R.A.S., the body responsible for the faultless arrangement of the Show, Old Boys had outstanding success as exhibitors. Rowan Jameson, manager of Uadrey Stud (Neilson Mills himself is an Old Boy), exhibited the Grand Champion in the Medium Wool Merino section; Harold Prell's entries, as usual, dominated the Corriedale section; G. R. (Bob) Smith and his son, G.I.M., played their usual leading part in the Dorset Horn section.

Among the younger and lesser known exhibitors, George Thornton, with Merinos, and Richard Carter, with Corriedales, were outstandingly successful. These are a few of the more prominent prize-winners, but there were many others playing their part in this great demonstration of the strength of our most important industry. As they are at any session of the Graziers' Conference, Old Boys of the School were well to the fore at the Sheep Show.

### PUBLIC SPEAKING

On Friday, May 1, the Junior Chamber Public Speaking Competition was held at the Willoughby Town Hall. The contest consisted of a six-minute prepared speech on the theme, "I Speak for Australia", and four-minute speech on a topic given to the contestants an hour beforehand.

The School was represented by Britton who came third in the overall contest. The representative from North Sydney Girls' High won and went into the metropolitan finals.

## PRESENTATION TO ST. JOHN AMBULANCE

To mark 21 years of service by Mr. Wynter, the ambulance representative at Northbridge, the Senior Prefect presented the Brigade with a cheque made up from the School Chapel collections.

In his reply, Mr. Wynter, who is an Old Boy, pointed out that he had received much pleasure from his service on Saturdays and would convey the cheque to the Brigade headquarters.

## DRAMA FESTIVAL

### "The Admirable Crichton"

Admirable indeed was Crichton — and equally admirable were the majority of the individual players in Saturday's first performance of J. M. Barrie's play on nineteenth century social distinctions, produced by Mr. K. Graham. The work of A. W. Bathgate, P. C. R. Meyer, F. W. Walton and J. F. Boulton displayed an understanding and intelligence which tried valiantly to carry on the movement of the play, whilst the renderings of the Countess of Brocklehurst (G. F. Clapp) and Lady Mary Lasenby (M. F. Wild) were mature performances equal to anything seen in previous years.

Clapp's brief appearance in the final act was excellently carried off. From the moment of entry his was a coldly awe-inspiring Countess who rightly dominated both players and audience alike. Wild gave a polished and sustained display of aristocratic boredom. That this characterisation seemed less convincing in Acts II and III amidst singularly un-aristocratic surroundings was, I suppose, only to be expected.

Costuming was an outstanding feature of this presentation. From the splendour of the Countess and the Ladies Lasenby to the scanty Hollywood-wretchedness of a shipwrecked Lady Catherine, the capture of detail and colour was a tribute to those behind the scenes. Similarly the stage settings and lighting effects — both temperate and tropical — laid a solid foundation upon which to build a most successful play.

And yet the play did not "click".

Scenes did drag; between-act pauses grew longer; and player-audience communication was lost. It seemed that the talented performances of individuals could not compensate for a lack of continuity and urgency. Otherwise excellent scenes struggled, then went astray.

No doubt the final presentation on Wednesday, June 10, will prosper from the experience of the first. The players have proved themselves most competent and only need to gain confidence in their play in order to produce a wholly "Admirable Crichton".

—P.P.

### "Ten Little Niggers"

Agatha Christie's "Ten Little Niggers" has the ingredients for good entertaining theatre—suspense and mystery, humour, a variety of distinctive characters and a simple but cleverly developed plot. Shore Theatre Club's straightforward presentation, ably produced by Mr. G. Lewarne assisted by Mr. G. Cousins, took the audience through the maze of multiple murders, if at times slowly, at least in a manner which was competent and entertaining.

The play was not without its moments of unintentional humour, which often accompanies schoolboy productions, and at the ending, after the murderer

had been revealed, there echoed strong notes of melodrama. Nonetheless, some of the characterization, the grouping and movement of large numbers of actors and certain scenes, such as the candlelit evening, were well conceived and imaginative.

The characters generally handled their parts well; not only in dialogue but in mannerisms and movement also. The role of the fashionable adventurer, Captain Lombard, was admirably and confidently played by Bourke, although the character he created tended to become static and inflexible when at times a change in voice or feeling would have been more suitable.

Munsie showed, as the apprehensive nerve specialist, a feeling for his words and actions which was sensitive and created a distinctive characterisation from the moment he entered and sat expectantly on the sofa. The romantic heroine of the play is not easy for a schoolboy to act; Jenkins as Vera was very awkward and stilted in movement and stance, and "she" sat on the sofa as elegantly as a timid fifteen-year-old school-girl at her first formal dance. However, her lines generally were well spoken and often made up for this awkwardness.

The part of the Judge is very demanding in its actions and ironic speeches and there were occasions when Smith tended to either underplay or overplay these aspects. He did, however, create the image of an important judicial man analysing and taking control of the unnerving situations on Nigger Island. Fisher's austere, Bible-reading Miss Brent was very impressive, expressing well the severity of the role. Bertie felt quite at ease as the cigar-smoking, hand-pumping Davis, and even though he was more awkward when he had nothing to say or failed at times to draw out the meaning of his lines, one felt he was always adequate as the ex-policeman Blore.

Parry-Okeden brought much feeling and sympathy to the reflectful and resigned old General; while Fox as the youthful speed-happy Marston, Neil as the servant and Buchanan as Narracot each filled their contrasting roles in a manner which fitted effectively into the pattern of the play; although Harvey's Mrs. Rogers, while earnest, was less successful.

The setting was straightforward and functional; the lighting, which did not strive for any special effects except the pool of blue to highlight the doctor's emotional outburst, was always satisfactory. The technical sound, however, was poor; the words of the indictment, although commanding in tone, were not clearly distinguishable, the car horn was muffled and what was apparently a downpour of rain ended as abruptly as it began each time a curtain was lifted—this created an atmosphere which was closer to farce than realism.

Taken as a whole, however, the actors and producers presented an enjoyable and entertaining contribution to the Festival.

### LETTERS TO THE EDITOR

Sir,

In reply to a letter by R.L.W. in last week's "Record", I would like to state that the School was not ignorant of the fact that our flag should have been at half-mast to mark, with respect, the death of Mr. Nehru.

On the day concerned, the flag was already flying at full mast when I received the news of Mr. Nehru's passing. That the flag was not lowered was an oversight for which I was fully responsible, and thus I may be charged for adopting a casual attitude in this regard.

It is regrettable that R.L.W., knowing that something was amiss, knowing that I was responsible and feeling (so he says) strongly about it, should have done nothing at all to bring attention to the fact at the time.  
W. FOULKES.

Sir,

Why is there no Bible in the library?

D. MARR.

French students may escape punishment in Divinity periods by the sweat of their brows, for there is a copy of la Sainte Bible in the library.—Ed.

### NEW "RECORD" COMMITTEE

Last week, the new "Record" Committee, consisting of boys from the Vth Form, took over from the retiring committee. The new committee will run the "Record" until second term, 1965, when it will, in turn, be succeeded by yet another committee, chosen from members of the Vth Form in that year.

At present, the new committee consists only of six members, and it is intended, later in this term, to increase this, possibly to eight.

At a recent meeting of the retiring committee, the following office-bearers were elected for 1964-65:

Editor: T. M. Drevikovsky.

Secretary: B. D. MacDermott.

Other members of the new committee are A. C. Bertie, W. J. Britton, D. G. Wood and R. L. Whitten.

### DEBATING v. S.G.S.

Last Friday a makeshift Shore team of Britton, Hamilton and Jenkins affirmed the proposition that, "There Is Too Much Talk", against S.G.S.

A small audience, due to the production of Henry V on the same evening, listened as Britton opened for the Government with a case mainly based on pointed examples. However, the following Government speakers, Hamilton and Jenkins, did not continue with the same line of attack and hence the affirmative's case was somewhat disjointed. On the other hand, the Opposition's case was more coherent and they came out the winners by a margin of about 1%.

It was unfortunate that one or two members of the School's team lacked experience in G.P.S. debating, but it is hoped this debate has helped them.

The second team of Tait, Blatt and Fisher, also lost by a slight margin denying the proposition that "If A Thing Is Worth Doing, It Is Worth Doing Badly".

## GIFT OF G. & S. RECORDS

We wish to express our appreciation to the parents of A. D. Cormack, in IIB of the Preparatory School, for their generous gift of gramophone records to the Music Department.

## AN INTERESTING OBSERVATION

Since the installation of the new bell system, it has been noticed that each period 12 seconds are wasted as the bells wake up the slumbering pupils. Meanwhile, if the classroom is unfortunately situated near the actual bell, the master's voice is drowned by a metallic clamour.

As there are seven periods per day, five days per week,  $13\frac{1}{2}$  weeks per term and three terms per year, each boy in the School listens to  $283\frac{1}{2}$  minutes of bell each year. Hence 968 boy-days are lost each year. However, the unfortunate Sergeant-Major still has to toll his bell each lunch-hour and the pupils are still as slow getting to periods although they are summoned by the modern bell system.

## IST XV v. N.C.

The game opened at Northbridge under wintry conditions on a soft ground. With our forwards winning a large share of the ball, the game started at a fast pace. In the tenth minute, from a scrum on the halfway line, the backs' excellent handling and running resulted in Wallace crossing the line for a fine try. Gaden failed to convert. Shore 3-0.

The forwards continued to play strongly and in the 27th minute Bourke received the ball and after a penetrating run scored a try which Gaden converted. Shore 8-0.

Newington retaliated with a penalty goal from in front just before half time. Shore 8-3.

In the second half the Newington forwards slowly took control of the match and although the Shore backs were tackling well and Tubbs was fine in defence, the Newington backs followed up a high kick and scored in the corner with five minutes to go. Newington converted. 8-8.

Shore fought back and was unlucky not to score before full-time.

Drew 8-8 (Wallace, Bourke tries, Gaden goal).

## THE DRAMA FESTIVAL

### Henry V

The production of Henry V in the Memorial Hall on the 5th and 12th June was a fitting play with which to mark a double anniversary—our own 75th, and Shakespeare's 400th.

Henry V has many advantages as a play for school-boy actors: there are but four female parts; there are plenty of smallish parts to occupy boys who would not otherwise appear in a play; the plot is straightforward, with comic episodes to relieve the serious scenes. Perhaps the most telling point in favour of the play is that it can be produced as a pageant, where grouping, colour, and fine speeches are preferred to movement and action. This is a great advantage because boys who find Shakespeare's verse awkward to learn and speak with naturalness find it doubly difficult to fit in convincing action, movement, and portrayal of emotion. After all, professional companies spend six to eight weeks full time on this very problem.

With this in mind Mr. Ross wisely decided to emphasise the pageantry of the play and concentrate on making his actors speak as clearly and as meaningfully as possible. Once this mould was set, the production was very impressive indeed. It was magnificently dressed, effectively lit, and, most important, nearly every boy in it could be heard at the back of the hall.

We cannot mention here every boy who appeared on stage, but many should be mentioned. Howell, as "Chorus to this History", was expressive and full of vitality—he linked the acts for us well. Baker as the useful Exeter had one very good scene at the French court, portraying patriotic indignation convincingly. Early in the play Brezzo was suitably decrepit as Ely, trotting after the Archbishop and supplying him with questions so that the audience would be introduced to the main action. As the Archbishop, Marr was impressive in presence and voice; later as the Dauphin he was suitably foppish, but perhaps could have used the sneer more effectively. In the comic scenes Whitten was a belligerent, raffish Pistol—he was one who acted better than he spoke. Crawford as Fluellen found a good foil in Lorschy as stolid Gower; Crawford himself was an earnest, comical Fluellen—lacking only the explosive qualities of that worthy Welshman. Thompson was adequate in two roles, as Nym, and later as Williams, the soldier who refused to be overwhelmed by the King's patriotism.

Moors played Boy—a comprehensive enough name—and spoke his denunciation of Pistol with gusto. Another with plenty of gusto was Jordan as Mistress Quickly.

The "French side" was not to be outdone in competence. Drevikovsky as the King fitted his part perfectly and Wallis as Queen Isabel was marvellously haughty. In smaller parts Chadwick, Dollard, Cooper

and McMichael were quite sound, as was Trebeck in his important role. Hewlett played Princess Katherine excellently—his movements, expressions, voice (whether French or broken English) were a delight, and he was ably supported by Hart as the Lady in Waiting.

I have deliberately left to last Elliott, who played Henry, the mainspring of the play. He had to speak a prodigious number of lines, which he did unflinchingly, ranging in tone from high-minded patriotism to a more gentle wooing. Undoubtedly his most effective scene was the long soliloquy before the battle at Agincourt, in which is reflected the dilemma of a man with human weaknesses who must nevertheless strive to be perfect—to be “the mirror of all Christian kings”. This long, exacting scene Elliott carried with polish and feeling. To my mind it was the high point of the play. In all other scenes he was more than adequate and it was hardly his fault that Shakespeare opens this play with what must be the most tedious first act the Bard ever wrote!

Let me mention again the costuming—it was fit for a professional company, authentic, colourful and beautifully designed. Mrs. Champion and her helpers are to be congratulated.

While on these technical matters, Mr. Doig's simple but effective sets and shields should be noticed, as should the free use of the stage areas and entrances, which was always inventive. Mr. Stafford's crews backstage were, of course, as efficient as ever.

The main faults of the play seemed to be that it was at times too static, and that minor characters did not react strongly enough to the stirring speeches of the King. But on the whole this was a production the School can be proud of—congratulations to all concerned!

\* \* \* \*

The festival—and I include the Drama Camp in this term—was a huge success: the quality of the plays was proof enough of that. From many other points of view it was successful, too: all who took part, no matter what early misgivings they had, seemed to enjoy themselves. Two words are sufficient to sum up the reasons for this success—enthusiasm and teamwork. These two qualities could be observed at any time during the festival—backstage, in the dressing rooms, the make-up room, at fitting sessions where the ladies pitched in so readily and gave us such good results. This is not the place to mention names, because everyone did his part in helping others, whether concerned in that particular play or not. This spirit of co-operation pervaded the whole of the festival. Everybody concerned, I feel, would agree that it was a thoroughly worthwhile experience.

### LINDEN—A RAILWAY STATION

All one sees of Linden as one drives along the Great Western Highway is a red telephone booth and a notice pointing to Linden station. It is surprising what is hidden behind this façade of obscurity. The real township of Linden has sprung up a mile or so westward on the northern side of the railway line. Not long ago, when the road ran on that side of the line one used to chuckle at the Land for Sale signs growing like weeds but apparently producing no effect. At least today one can see that there are actually houses at Linden.

Linden sports an observatory, a "bath" and an historic camp and cave. The observatory was a fairly early addition to Linden and is situated out on the ridge leading northward from the residential area. It can be seen quite plainly as one comes up the hill by the water tower. Just east of the water tower is Lady Martin's Bath. This is a pool hewn out of a small cliff and filled with the seepage from the hill above. It is doubtful if Lady Martin ever bathed there, because the water is extremely cold and the pool is in a very exposed position. Right over on the other side of the town is Bull's Camp, the camping place of the convicts who built the road. It has been converted into a rather too frequented picnic ground complete with kiosk, but one part of it remains unchanged. This is a small cave, only a few feet high, hewn out of the rock on the other

side of the main road. It was probably for storing gunpowder used in blasting on the road.

The Linden area, like the rest of the Blue Mountains, is suitable for bush walking (if you are a mountain goat). One finds that the places which one would think are the easiest to walk in are usually the hardest and the rest of the area is not much better. Quite often one is confronted with a thousand-foot cliff when one is expecting a gap in the rocky walls, but this only adds to the excitement and adventure. At least one can be sure that one will go home very tired even if not happy.

**1st XV v. S.H.S.**

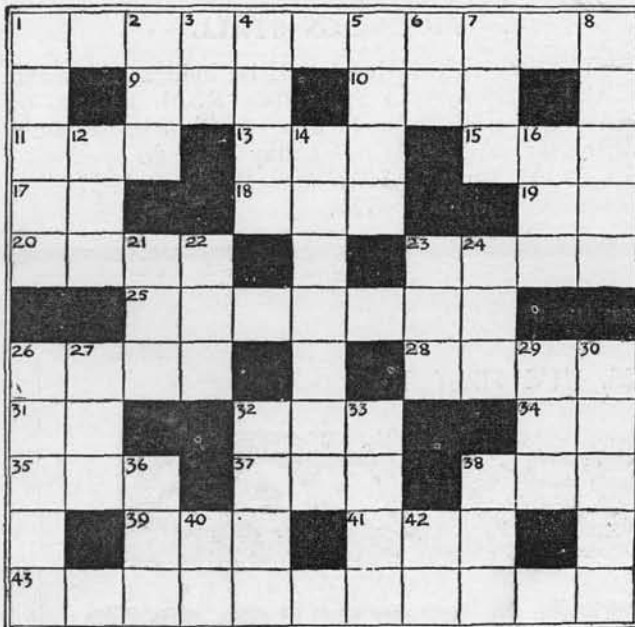

The game was played under muddy conditions, and High's attack proved stronger than Shore's at the start. High kicked off, having the added advantage of the wind, and twenty minutes later kicked a penalty goal from 25 yards out. High 3-0. High again forced the Shore line, but from a close line-out the situation was relieved by a long clearing kick.

Shore then lifted their game and in the second half Gaden kicked two penalty goals. Then, from a scrum near the High line, Bassingthwaite kicked a field goal. Shore then played hard and attacked well into High territory. Tackling and general play became hard towards the end, but the fact that it was a tryless match indicates the strength of both teams' defences.

(Won 9-3: Gaden 2 pen. goals, Bassingthwaite field goal.)

2nds won 6-3 (Chenery field goal; Keeling pen. goal.)

## ITEMS FOR ANNUAL CONCERT

Mr. Winstanley would like to hear from boys willing to organise "group" items for the School Concert.

## ACADEMIC QUALIFICATIONS

### 1. Entry to Agricultural Colleges in 1966 and thereafter:

1. Students will be selected on merit.
2. Applications for admission, commencing from 1966, will be accepted only in the calendar year preceding the year of admission. (This will not prejudice existing waiting lists.)
3. Applicants must be not less than 17 years of age.
4. Applicants must pass the School Certificate Examination in at least five subjects, and must include passes in English, Maths and Science. In addition, at least two of the five subjects must have been passed at Advanced Level. But despite this minimum qualification, preference will be given to those who have successfully completed one or two further years of secondary education and have passed the Higher School Certificate or the Leaving Certificate, or furnish evidence of completing five years of secondary schooling.
5. There are other qualifications concerning character and experience, but these are not relevant at the moment.

### 2. Entry to University of N.S.W. and the Australian National University in 1969:

Although present matriculation requirements may be changed, students at present in second year of secondary education will not be prejudiced in meeting the new requirements, provided their present choice of subjects is consistent with the existing requirements for the University in which they may require to matriculate in 1969.

## 75th ANNIVERSARY CEREMONIAL PARADE

His Excellency the Governor-General has graciously accepted the School's invitation to inspect the Cadet Corps on Friday, 9th October, 1964, on the occasion of the ceremonial parade commemorating the 75th Anniversary of the School's Foundation.

Certain rearrangements of School functions, as set out on the calendar, will be now necessary. Details will be announced later. One of the functions so affected will be the American Tea.

### LETTER TO THE EDITOR

Dear Sir,—You lead your readers to believe that there is no English Bible in the library. I must inform you that not only are there two Bibles—An Illustrated and Self-interpreting Family Bible and An Illustrated A.V.—but that at the beginning of the year there was an R.S.V. edition, purchased according to the requirements of the school syllabus. This third Bible, though stamped “Not to be taken out”, has since disappeared, and its return to the library would be greatly appreciated.

## REFLECTIONS

The quiet efficiency of the Physics Department was somewhat disrupted during the week, when certain Sixth Formers inadvertently connected rather delicate equipment into an electrical circuit. Things—not all inanimate—ran hot for some while before it was discovered that no real harm had been done.

\* \* \* \*

We feel obliged to inform the untutored that, although the nickname “Moonface” has been attributed to a certain member of the “Record” Committee, the “Record” room is a dingy hole on the sunniest of days (despite the painting efforts of a previous committee) and accordingly we must have some outside contributions if the reflections are to be visible.

## AMBITION

Ambition is a crust.

It is the brilliance in a sheet of ice  
That only gives a way from bank to shore,  
And hides the lucid value in the pond.  
It is the red, brittle rind of cheese,  
The earthy, oily skin of smoked salami  
That haggle over meat or milk,  
District, lard and pasture—even cow;  
And yet is cut, stripped off and discarded.  
Ambition is a crust of stale, black bread,  
A tatty symbol of the starved,  
Misunderstood, unrecognised, romantic genius,  
Who would eat tinned spaghetti anyway.  
It is a tin, a jar, a beer bottle  
That holds and then is thrown away,  
Just a dirty container when it no longer contains.

Yet all see with this uplifted eye.  
Some look so earnestly at the door  
They miss the step.  
Others have the peculiar grace  
To perceive the step, key, door and foot  
And in the hope of grace we hope.  
I, never to be ordinary,  
Never the mob, the chorus or “the average Australian,”  
Avoid the non-conformists in uniform  
With placards, and  
Those led, in any dress,  
With cars, colour and maple-wood veneer.

But mine is a time of skin  
When ambition is the only achievement,  
And then ambition is ordinary.

—D.E.M.

## DEBATING

Last Friday evening, the Shore First Team—Britton, Elliott and Marr—debated against The King's School in the library. The team won easily, denying the proposition: “It is a pity that the Plymouth Rock did not fall on the Pilgrim Fathers”. The government took a serious view of the topic, and Britton and Elliott followed in like vein, though Marr was has usual, witty self. The arguments centred more on the morality of the Puritans than on the desirability of America. Generally, neither team treated the subject as lightly as it warranted.

The second team—Baker, Alexander and Fisher—lost by a slight margin, denying the motion: “Man is a prisoner of his own ingenuity”. The next debate will be against Scots at Scots, in two weeks' time. A win there would place Shore equal first in the competition.

## MARINE BIOLOGY AS A CAREER

Perhaps the most pressing problem facing mankind today is that commonly called "the population explosion". In China alone there are approximately 680,000,000 people who have to be fed and housed. Such a situation is repeated in Asia and to a lesser extent throughout the world. Feeding this vast multitude has become an almost insurmountable task and to relieve the pressure on the arable land of the world attention has been turned to the sea as a source of food, by scientists and even politicians.

Water covers 70.8% of the Earth's surface, but at the moment it provides only between 1 and 2% of man's food. Despite all his learning about the sea, man's relationship to it is still primitive; he is a hunter rather than a harvester. In different places round the world oysters, fish and prawns are cultivated on a comparatively limited scale. But this is a beginning for what, in the future, must provide the ever increasing needs of the rapidly expanding world population.

In the "sea-farming" of the 21st century, it should not be necessary to fertilize oceans, as they carry within themselves more than enough fertilizer in the form of plankton and decomposed matter to produce abundant harvests. To farm the sea man will first have to make a distinction between creatures he can eat and those he cannot. The edible contents of the oceans consist not only of fish, but also of seaweeds, shellfish and even plankton. Scientists have estimated that inedible starfish and brittle stars devour all but a tiny percentage of the food for fish now available. If these and other marine pests can be satisfactorily controlled, fish produce will be fattened and the return to mankind increased.

Marine cultivations must have a place in Australia's future, for it is the driest continent and has, comparatively, a small proportion of good arable land. The fishing industry here is in its infancy in comparison with countries like Japan, Peru and Russia, and this is mainly because there has not been enough scientific research into the resources of the seas surrounding us. While it is unlikely that Australia will have its own population problems in the foreseeable future, the fishing industry could prove to be an important source of revenue if it is scientifically developed.

It is obvious then that before man can hope to reap the full wealth of the sea, he must first learn much more about it. This can only be done by planned research throughout the world by persons specifically trained for such a purpose. This should create a demand for marine biologists, of whom there are few in the world today. It is for these reasons that I have chosen as my career marine biology. Many people have never heard of it, but in the world of tomorrow it could save mankind from starvation.

## SQUASH

House Competition. Results of Round 1:

Barry 20 games, 180 points defeated Robson 0 games, 50 points.

School 11 games, 119 points defeated Hodges 9 games, 87 points.

A more extensive House Competition could be organised if more Robson House representatives could play on Wednesdays.

## SHOOTING

At the practice on Saturday conditions were good. Shooting took place from 300 yds. and the following obtained a score of 30 or over out of a possible score of 35.

Baker, D., 32, Bisley 31, Blundell 34, Hole 30, Hewitt 30, Hamilton 30, Swaddling 30, Cameron-Smith 34, Greenwell 31.

## 1st XV v. S.I.C.

In a hard, fast game, competition leaders, Riverview, beat Shore. For the beginning of the first half Riverview held a definite edge. Shore play quite often was ragged as players became hustled. However, when Shore warmed up the match became even and it was not until one minute before half-time that Riverview scored an unconverted try. S.I.C. 3-0.

From a line-out straight after half-time, Howell gained the ball and dived over in the corner. The conversion attempt went wide. 3-3. Soon after a Riverview winger threw the ball to the far end of a line-out. It was caught by one of the forwards who, with two defenders tackling him, managed to score. Riverview then kicked a penalty goal, making the score 9-3. Again Riverview threw the ball right down a line-out and a player ran untackled for 35 yards through many Shore players to score under the posts. The try was easily converted. Riverview 14-3. For a third time, Riverview repeated this and scored another converted try. Riverview 19-3.

With ten minutes' play left, the heavier Shore forwards pushed a ruck from a line-out over the line for Gaden to fall on the ball and score. Then, right on full-time, Bassingthwaite scored after a line-out to make the full-time score 19-9 in Riverview's favour.

Whilst Shore were stronger in the forwards, winning nearly every line-out, lack of determined running and tackling and far too much unwise kicking cost the match.

## NEW FIFTH YEAR SCHOLARSHIPS

The Minister for Education has announced arrangements for new Commonwealth Scholarships.

Mr. Wetherell said that at the end of 1964, 3,776 scholarships would be available for competition

among pupils about to enter fifth year in N.S.W. and A.C.T. schools.

Awards would be made on the results of an examination in October set by the Australian Council for Educational Research. The examination would consist of four two-hour papers to test pupils' abilities in written expression and interpretation of material from a variety of sources.

The order of merit for the award of scholarships would be determined on the aggregate gained in the three papers in which the candidate gained his highest marks.

The scholarships are not subject to a means test and will carry a maintenance allowance of £100 a year payable to parent or guardian and up to £100 a year towards school fees and textbooks.

The four papers are as follows:

**Paper 1: Written Expression.** Test of vocabulary, expression; short written passages and a longer essay.

**Paper 2: Quantitative Thinking.** Understanding of quantitative thinking in form of graphs, tables, diagrams; problems which will not assume detailed knowledge of maths. beyond Second Year.

**Paper 3: Comprehension and Interpretation (Humanities).** Critical thinking based on passages, diagrams, etc., covering literature, current affairs, historical and geographical material.

**Paper 4: Comprehension and Interpretation (Science).** Passages, pictures, etc., from scientific sources. Only elementary acquaintance with general science assumed.

## DEMONSTRATION OF NEW WEAPON

On June 23, the entire Cadet Unit was given a demonstration of the army's newest artillery weapon, the 105 mm. Pack Howitzer. This is one of the most versatile weapons that the army has ever possessed. It is an example of the mobility for which the new army is striving. It can be transported in a number of ways, from being slung under a helicopter in one piece to being broken up into small sections for human or animal transportations. Recently the latter method was given a thorough testing, by carrying some of these guns over the Kokoda Trail.

Two gun crews from the North Head School of Artillery demonstrated stripping, assembling and using the gun as an anti-tank weapon. The two gun crews consisted of recruits doing a five-week course in artillery at the North Head School. Taking this into account the crews gave a fine demonstration.

Technically the outstanding features of this gun are that it is semi-recoilless and this enables a maximum elevation of 65 deg. The gun fires a 105 m.m. shell a distance of 10,000 metres, which is approximately from here to Bondi.

This is the first time that this weapon has been demonstrated to school cadets.

### LETTER TO THE EDITOR

Sir,

In the last issue of the "Record" D.E.M. tells us about ambition. He tells us that ambition is a layer of brilliance that hides lucid value. This is a reasonable idea, and a suitable foundation upon which to build a poem. But it is not enough for D.E.M., who then continues with three more such definitions, each having two characteristics in common.

Firstly, the general theme—ambition as a crust, and secondly the complete failure to provide for any development beyond a simple definition. The ideas produced pass without analysis or evaluation. Certainly they hold some interest, although at times slightly confused, but because they are not beneficially connected, and because their productive development is virtually non-existent, they cause verse one to fail. A failure because nothing worthwhile is said.

Verse two begins precisely and simply with an ordinary idea—that for some, the right way with ambition comes as a grace, and that we (does this mean D.E.M., or the "average Australian"?) hope for grace. Now we come to more interesting lines.

"I never to be ordinary, never the mob, the chorus." Again the ideas are unoriginal, but salvation seems in sight, with—"avoid the non-conformists in uniform". This line promises something, but any possible development is lost in an unjustified repeat of that great idea—be original.

For D.E.M. ambition is the only achievement, and then ambition is ordinary. But because this is now a time of skin, perhaps some day, when his is a time of achievement, poems of greater value will appear.

### SIMPLE PARADOXES

(1) A man drove his car 1 mile to the top of a mountain at the rate of 15 m.p.h. How fast must he drive 1 mile down the other side in order to average 30 m.p.h. for the whole trip of 2 miles?

(2) A frog is at the bottom of a 30ft. well. Each hour he climbs 3ft. and slips back 2. How many hours does it take him to get out?

(3) An express leaves London for Brighton at the same time as a slow train leaves Brighton for London. The express travels at the rate of 50 m.p.h., the slow train at the rate of 30 m.p.h. Which is farther from London when they meet?

(4) A clock strikes six in 5 seconds. How long does it take to strike 12?

Beware, the answers are not the obvious.

## AN APPRECIATION OF THE NEW BUILDING

While we, toiling, mount the stairs  
We reflect on him who dares  
To use the lift to save his sweat,  
But then we think of what he'll get.  
Now, who dares not to use these stairs?

Even if he gets away,  
He finds it a slower way  
Despite the fact the stairs are steep.  
"For what one sows, the same he'll reap."  
Now who wants not to use the stairs?

When at last we gain the height  
No fine view is in our sight.  
Perhaps there would be one to see  
Through windows **clear**, from balcony.  
What's the point of climbing the stairs?

D.G.W.

## REFLECTIONS

Haircuts: Reflecting upon the rise in the price of haircuts brought into effect in the inner city area we agree that boys will economise not by having their hair cut extra short and so subjecting themselves unnecessarily to the cold Sydney winter, but rather by letting it grow excessively long and thus eliminating the need to wear a boater. Surely the better solution for all concerned is for those learning craft under the Wyndham scheme to be taught the art of haircutting.

**Dafynition. Reticence:** A golden labrador's sense of smell.

Contrary to the popular belief the Senior Prefect uses Kiwi boot polish.

#### CLOTHING POOL

The Clothing Pool will be open in the Pillar Room on the Day of the Association Meeting (July 6) from 1 p.m. and also after the meeting. The pool has proved a great success for so far this year we have made the sum of £75, but we still need donations of outgrown clothing, both uniform and casual wear. Clothes may be left with the Headmaster's Secretary by the boys or brought direct to the Pillar Room. Enquiries ring 44-2452.

1st XV v. T.A.S.

The opening stages of this game were hard and tight and from the beginning Shore attacked the Armidale line. About ten minutes after the start, however, some of this enthusiasm seemed lost and it was not until nine minutes before half-time that Bassingthwaighte went the blind side from a scrum and sent the ball out to Hallman who scored. Shore 3-0.

Two minutes after half-time Shore was awarded a penalty 25 yards from the Armidale goal. Tubbs, substituting for Gaden, kicked the penalty to give Shore a 6-0 lead.

**YOUTH CENTRE**

Armidale then played better football with their backs running and passing more swiftly than Shore's.

A try by the Armidale winger and a penalty goal then brought the score to 6-6. Minutes later Armidale intercepted and ran 50 yards to score an unconverted try and almost immediately after Armidale's outside centre and winger combined in a 50 yard run to score for the third time in six minutes. T.A.S. 12-6. Shore retaliated and for the last ten minutes really hard, exciting football took place. After Wallace broke through a line-out, a ruck took place and from this Stevens fell on the ball to score. Tubbs converted. T.A.S. 12-11.

Again Shore attacked hard but could just not manage to break through Armidale's defences and so Armidale retained its one point lead to win 12-11.

It has now been decided that a candidate who fails the School Certificate Examination in 1965 and subsequent years but

- (a) passes at ordinary level or better in three subjects at that examination, at least two of which are from the compulsory group, or
- (b) passes at ordinary level or better in two subjects from the compulsory group but fails to reach pass standard in a third subject by a narrow margin may be considered for a conceded pass at the Intermediate Certificate Examination and the award of the Intermediate Certificate in the year in which the School Certificate Examination is attempted.

A recommendation for the award of a conceded Intermediate Certificate may be made by the principal after consideration of the results abovementioned and the candidate's previous scholastic record, attendance and conduct.

### VISIT OF DON CLARKE

Don Clarke, All Black full-back, will visit the School Wednesday, 15th July, 1964.

(1) He will address Shore's footballers in the Hall at 1.10 p.m. All boys are invited.

(2) He will show films and will lecture to a limited number from Shore and other schools in the Hall at 3.15 p.m. Later in the afternoon he will demonstrate kicking on the School ground.

### BOARDERS' WEEKENDS — JUNIOR

In future ALL Junior House boarders will be required to report in at 7.30 p.m. on Sunday at the close of a B.W.E. The practice of allowing younger brothers of Upper School boarders to return later will be discontinued.—L.M.J.

### LUNCH-HOUR CONCERT

Ian Wilson, the well-known Australian oboist, who has returned from overseas to appear as guest artist for the A.B.C. will give a short recital in the Memorial Hall next Thursday at 1.10 p.m.

All boys are asked to be present.

Mr. Wilson will play the oboe and include the seldom-heard Oboe d'Amore of the Bach and Handel period.

### THE SCHOOL DANCE

The School Dance, 1964, avoided by so many, eagerly approached by too few, turned out to be an astonishingly enjoyable educational function. It will no doubt replace the topless bathing suit as the main topic for conversation this week.

The dance took no more than one minute to gain reasonable momentum. There were no "wallflowers" and as usual the seating arrangement was chaotic. Nevertheless, such a good time was had by all that no one found it necessary to express his dissatisfaction by engaging in a hysterical corroboree.

Although the Ricochets were unavoidably detained they made amends by a fine energetic performance. This performance, coupled with a genuine eagerness to abandon seats when the band showed signs of movement, produced a pleasant atmosphere and an overflowing dance floor.

Gratitude is due to the Dance Committee for organising the dance and securing the services of the Ricochets, and also and most important, to the individual for his or her contribution to the enjoyment of all.

### TRIP TO CANBERRA

On July 1 a modified Prep. 1st XV and Colts A XV visited Canberra for the purpose of meeting Canberra Grammar School both socially and in games.

We assembled at Mascot before boarding our plane, a Fokker Friendship. We flew down to Wollongong before turning inland.

Once landed we collected our cases and boarded a private bus, in which we were to tour Canberra. We drove through Duntroon Royal Military College, past the Australian-American Friendship Column and over Kings Avenue Bridge before stopping at Parliament House. Here a guide took us through the building. Immediately after this inspection we proceeded to C.G.S.

When we arrived there we had a quick lunch before playing the games, both our teams being victorious.

After thanking our hosts, we drove up to Red Hill. Then we had a tour of Canberra, viewing Ambassadors' Homes, Academy of Science, the All Saints Church and the Civic Centre. We stopped at the War Memorial Museum and for almost an hour looked over it. We had a snack at the kiosk before returning to the aerodrome. We flew back in a Viscount and when we landed at Mascot we dispersed.

By the way did I mention we talked with the Beatles and some of us shook hands with Paul who wished us the best of luck?

We are all very grateful to Mr. Roots, Headmaster of C.G.S. Junior School, for a most enjoyable day.

R.G.D., IIA.

## REFLECTIONS

According to a usually reliable source, four young men, disguised as entertainers, have just fled the country. They have been accused of subversion in capital cities and also of attempting to destroy the economy of the nation. Interpol is hot on the trail, but the quarter has already left our fair country, having narrowly escaped from the huge Australian police dragnet placed at transport terminals.

At the advice of their Moscow headquarters the men had adopted aliases, their real names being Lenin, Starrlin and Marx-Cartney. As yet the name of the fourth member of this subversive group is unknown.

### HEARD AROUND THE SCHOOL

When asked by his form master what an "ardent bibliophile" was, an S former replied, "A Bible-basher, sir."

★ ★ ★ ★  
Mother: What did you do at Chapel practice today?

IIIrd Former: We learnt a song about a cross-eyed bear.

Mother: WHAT! a cross-eyed bear?

IIIrd Former: Yes, his name was Gladly. "Gladly, my cross I'd bear."

### WEAPONS DISPLAY AND DRILL COMPETITION

On Tuesday, June 30, many of the Army's newest weapons, on loan from Sydney University Regiment, as well as a few familiar old weapons, were demonstrated to the Cadets and the A.T.C. by the officers of B Company. The display included the Owen Machine Carbine, the 3.5 inch Rocket Launcher (which, despite the fact that it resembles an antique stove-pipe, is a very effective anti-tank weapon), the 7.62 mm. S.L.R. (the new semi-automatic rifle), and the Energa grenade which is an anti-tank weapon launched from the S.L.R. Of particular interest was the G.P.M.G.M.60 which has replaced both the Bren L.M.G. and the Vickers M.M.G. (the latter was demonstrated by the M.M.G. Platoon).

To culminate the afternoon's training a drill competition was held between 6 Platoon B Company (judged to be the best drill platoon during first term) and a platoon representing Epping Boys' High School Cadet Unit. The standard of drill was very high and 6 Platoon (commanded by C.U.O. Bassingthwaighte) is to be commended on its win.

It is hoped that more of this type of training can be used to supplement the normal drill and rifle work of the unit. The Company would like to thank Epping Boys' High School and S.U.R., without whose help this display would not have been possible.

(R. MEARES, C.U.O., B Company)

## CLUBS AND SOCIETIES

### Debating

Tonight the Lawrence Campbell Oratory Competition will be held at Sydney Grammar School at 8 p.m. The competition is composed of one ten minute speech on one of three topics given to the speakers a half-hour before the start. All G.P.S. and Associated Schools are allowed one contestant each. This School will be represented by Britton, VA.

Last week the Third Form team of Macartney, Guth and Whitten debated against a Preparatory School team of Alexander, McDowell and Spooner. The Prep. team affirmed the proposition that "Television Is A Curse Rather Than A Blessing".

The Third Form team won by a narrow margin. The adjudicator, Mr. Rossel, said afterwards that the debate was of a high standard.

On July 17, there will be a debate between the Shore School Junior Farmers' Club and the Shore 2nds in the Library at 8 p.m.

### Chess

On Thursday 2nd, the "A" Grade team played against Cranbrook.

Blatt (VA) won, Crawford (VIA1), Tait (VA) and Broadfoot (IVA1) lost, and Wallman (VIA1) adjourned his game.

### Jazz and Folk Singing

This club will be having its meeting at lunch time on Monday next. All are welcome to come.

### Railway Club

It is proposed to run the annual tour by special rail motor to Robertson, via Moss Vale, returning via Unanderra and Thirroul. All interested see Easy VC.

Today it is hoped to show slides and run tapes of the record run to Newcastle by 3801 steam locomotive hauling the Newcastle Flyer in 2 hours 1½ mins., breaking the previous record of 1938.

### Stamp Club

Anyone interested in joining the Stamp Club should come to today's meeting in the Art Room. The membership fee is one shilling and stamps can be bought and sold amongst members.

## 1st XV v. GRAMMAR

After Shore won the toss the game opened in sunny conditions with Shore running into a fairly strong westerly wind. From the start, play was very solid, with the Grammar breakaways harassing the Shore half. It was not until about ten minutes before half-time that the scoring was opened. The Grammar fullback initiated a passing rush which resulted in a fine try which was converted. Grammar 5-0.

The Shore attack then improved considerably, but the score remained unchanged until half-time.

Two minutes after half-time Grammar gained possession to score a runaway try which was unconverted. Grammar 8-0.

Immediately Bassingthwaighte retaliated with a field goal from the 25-yard line. Grammar then attacked, but Tubbs reversed the situation with a fine 40-yard field goal. Grammar 8-6.

Bassingthwaighte followed this with a third field goal. Shore 9-8.

# YOUNG MAN'S SHOP Farmer's

Farmer's keeps you on the ball in leisure moments with slim cotton slacks, sans cuffs or pleats, in latest plains and checks from 99/11, topped with plain, check or striped button-down, short sleeve shirts from 39/6.

LOWER GROUND, SYDNEY, GROUND FLOOR, GORDON

Tension increased with Grammar attacking from everywhere. The Shore backs were tackling exceptionally well but they could not keep out the Grammar who scored another unconverted try which they followed up with a fourth try from the Grammar winger in the corner. Grammar 14-9.

Again both sides attacked solidly, and right on full time Lyttle went over from a ruck close to the Grammar line for a try. This was unconverted, leaving Grammar the winners 14-12.

### Special Notices

July 25th, St. James' Day. James is the only Apostle (of the twelve) whose martyrdom is recorded in the Bible, Acts, Chapters 11 and 12, presumably because it is typical. Note that James' death soon led to the death of Jesus' titular opponent, "The King of the Jews", Herod. Christ's Kingdom is seen when His servants give their lives in His service.

Masters on Duty—Mr. Dowling, Mr. Wilson.

## PUBLIC SPEAKING

Last Friday night the Lawrence Campbell Oratory Competition for 1964 was held at Sydney Grammar School.

The representatives from each G.P.S. school spoke on one of the three topics, "The Colour Bar", "Even Those Serve Who Stand and Wait" and "The Sydney Opera House". The contest was won by the St. Ignatius representative, while Britton, representing Shore, did not gain a place.

## THE SHORE WEEKLY RECORD

is published by and for the boys of  
Sydney Church of England Grammar School

Editor: T. M. DREVIKOVSKY

Secretary: B. D. MacDERMOTT

### EDITORIAL

From the moment a boy enters the School the one thing that is impressed upon him is its great tradition. It takes a great deal of effort to live up to this tradition, but ought we be content to hand it on in the same condition as we received it? Surely it is our duty, and our privilege, to enhance it during our time here.

This may involve breaking new ground and being ridiculed by others for not being "one of the mob", and making the inevitable mistakes that are involved in making progress. Progress, however, can only take place once the standards laid down by tradition have been fulfilled.

"Being different" must not be used as an excuse for exhibitionism.

At the moment the spirit of the School is at a low ebb. Complacency is a symptom of this.

A common example is the critical attitude of many boys who do not participate in any extra-curricular activities. Instead of admitting their lack of enthusiasm, they try to dampen that of those boys who do participate. Also, some boys are content to break the School rules by petty deviations from the uniform, instead of applying their brains to committing a serious breach, in which case they, and the School, would benefit—they by their gratification, the School by their expulsion.

### LETTERS TO THE EDITOR

Sir,

Would it be too difficult for the "Record" to print crosswords which are solvable? The crosswords in the 26th of June and the 3rd of July "Records" both had mistakes in them. Of course these mistakes may have been made intentionally in order to increase the degree of difficulty of these puzzles. If this is so, I feel that it is hardly fair to the people who attempt them. Also, could not the solutions of crossword puzzles be published? A.M.R. VIB1.

We are flattered by your high esteem of our subtlety, but unfortunately we were negligent in our duty in that we did not work a solution of the crosswords. In future we shall work them before printing them, and we shall also print our solution the following week.—Ed.

Sir,

Why is it that now there is only one bell after morning interval? It would be appreciated if another bell could be rung a few minutes earlier to warn boys to move to their classrooms. W.J.B.

### SAFARI HOLIDAY IN NORTHERN TERRITORY

Early in the August holidays a 13-day holiday trip is proposed to Woolwonga Native Reserve, Western Arnhem Land in the Northern Territory, staying at Nourlangie lodges of the Aboriginal habitats.

The itinerary will include camping trips to East Alligator River where buffalo and other wild life also abound, and Nourlangie Creek where rock carvings and burial grounds are to be seen. There will be visits to Marrakai Buffalo Station, Humpty Doo rice fields and other places of interest.

During the Safari instruction in handling firearms, fishing, bird identification, bush first-aid and navigation and horse-riding will be given. A fully-trained nurse will be resident at the camp. There is two-way radio communication with Darwin at the camp.

Applications are invited from VIth and Vth formers and those from IVth formers will be considered.

Total cost: £120 inclusive of all accommodation and fares to Darwin.

**1st XV v. T.K.S.**

In one of the best matches of the season Shore was narrowly defeated by Kings at Parramatta. Kings

started by kicking off, winning the ensuing ruck, passing the ball along the backline and scoring near the corner.

Shore fought back and from a ruck in front of King’s goal Lyttle dived over to score a try which Gaden converted. Shore 5-3.

The bigger Kings backs then broke through and combined in a fifty-yard run to score an unconverted try. Minutes later the Kings inside centre ran through the backline again to score. This time the try was converted to give Kings an 11-5 lead. After this Wallman moved to inside centre and his determined tackling prevented the Kings centres from repeating this.

Fifteen minutes before half-time Shore was awarded a penalty ten yards from the Kings line. Gaden took it back and kicked a well-judged penalty goal. Kings then maintained their 11-8 lead until half-time.

Ten minutes after the resumption of play Gaden attempted a penalty goal. Both linesmen raised their flags but the goal was disallowed. However, Shore attacked hard and Lyttle, seeing a gap and seizing his opportunity, ran from the base of the scrum to score his second try, making the score 11-11.

Good Shore defence kept Kings from scoring despite strong attacks, but finally a Kings player picked up the ball after a ruck and dived over to score. T.K.S. 14-11.

Then, 10 minutes from full-time Kings gained their remaining points from a penalty kick which gave Kings a 17-11 win.

The Shore team, playing against a heavier and more experienced side gave a very good display.

## CLOTHING POOL

The Pool will be open in the Pillar Room on Wednesday, July 29, from 12.30 to 1.30. Donations of boys' clothing of any description are wanted. Enquiries: telephone 44-2452.

## WANTED

One refrigerator, in working condition, for use in the Biology Laboratory. Required for School Certificate work. Reasonable offers will be considered. Contact Mr. Stafford.

## VISIT BY DON CLARKE

On Wednesday, 15th July, the School was privileged to have Don Clarke, the famous All Black full-back, speak on some points of football. At lunch-time, in the Hall, he emphasised the essentials of football—possession, position, and pace, and above all, fitness.

After school, on the oval, he demonstrated some necessary points for a footballer to master. He then gave a demonstration of kicking. While not as accurate as he might have been because of a strong cross-wind, he showed the concentration, determination and power that has made him famous. It is hoped that as a result of Mr. Clarke's visit, football, and particularly kicking, will improve in the School.

## OBOE RECITAL

Mr. Ian Wilson, first oboist with leading European orchestras, gave a short lunch-time recital on Thursday, July 16. He played two pieces by Scarlatti, a minuet and "Cantatina", "Pan" by Benjamin Britten, and another minuet. He also demonstrated the oboe d'amore, a favourite instrument of Bach. We thank Mr. Wilson for a most enjoyable recital and hope that there will soon be more lunch-hour concerts.

## DEDICATION OF CLOCK

Last Saturday the clock on top of the new North-bridge scoreboard was dedicated.

Before the 1st XV match both teams lined up in front of the scoreboard. The Chaplain then dedicated the clock to the memory of J. H. B. Wearne who was killed on active service with the R.A.A.F.

While at the School prior to the War he was Captain of Cricket and Tennis and was a Prefect.

## RANGE AND FIELD DAY

On Tuesday, July 14, the Cadet Unit and the A.T.C. held their Annual Range and Field Day. The two senior companies of the Cadet Unit, A and Support, fired on the range. Also firing were all three Flights of the A.T.C.

Conditions on the range were unpleasant and this may have accounted for the poor standard of shooting. Two weapons were fired by the Cadet Unit, the Bren L.M.G. and the .303 rifle, both at a range of 200 yards. The A.T.C. fired the rifle only, but the standard of shooting was somewhat higher than that in the Cadet Unit. This year there were no marksmen but several cadets proved first class shots.

The recruits in B Coy. went out to the usual B Coy. training ground at French's Forest where they had training in field craft and other aspects of jungle warfare. As usual the band trained at Northbridge.

### THE SEA OF SAND

A wide barren expanse,  
A flat sea of sand—  
Bushes like small yachts  
Float past, blown by the wind.  
The sun shining on the shimmering sand,  
The mirage which looks like a heaven in hell.  
Then the realization and the long crawl on, on over  
the yellow sea.  
The tongue is like a branding iron, parched, burning  
an impression on the dry mouth.  
Then one last look at the stretching lake of eternity,  
Then a rest, a sweet eternal rest.

### WEIGHT EXERCISING

For some time now the course in weight exercising which was started late last term has been continuing on a somewhat smaller scale. Unfortunately, although great interest was shown from the start, the course had to be discontinued due to the various activities associated with the Anniversary celebrations. But after some experimentation it is now ready to operate again for as many as wish to participate.

A more appropriate site has been arranged for the sessions and they will now be held in the space adjoining School House basement, rather than on the oval. Boarders will be able to use the weights as convenient. Any who wish to participate should see A. K. Smith, Chenery or Mr. Cousins.

### DUKE OF EDINBURGH AWARD

During the term two boys were presented with awards in the Scheme. They were G. B. Wallace attaining the Silver Award and D. Bigg gained the Bronze. They are to be congratulated on their efforts.

### OUTWARD BOUND COURSES

The attention of boys is directed to the Christmas Outward Bound courses:

- No. FP. 34 26th November, 1964—22nd December, 1964.
- No. FP. 35 2nd January, 1965 — 28th January, 1965.
- No. FP. 36 31st January, 1965—26th February, 1965.

Boys must be over the age of 16½ years, and the fee is £60 per course.

The S.C.E.G.S. Association Bursary will be allotted to one of these courses, and applications for this are now being received. Boys interested should apply in writing to the Headmaster.

### LAST WEEK

Every year members of the Vth form are invited by the Mosman Council to attend a Council meeting. This took place last Tuesday evening with 20 members of VA attending. As members of the gallery we watched a sitting of the Council, from time to time being enlightened by the Mayor on the procedure. After the meeting we were entertained by the Deputy Mayor who answered many questions on local government. We are most grateful to the Mosman Council for a most interesting visit.

On Friday, 17th July, the Vth and VIth forms attended a lecture in the Hall given by Constable Young of the Police Force. He discussed and answered questions on the Traffic Code.

IIIA3, accompanied by Mr. Gilfillan, visited the Engineering Exhibition at the Showgrounds on Friday afternoon, 17th July.

### SCHOOL ORCHESTRA

The orchestra will meet in the Music Room, on Monday, 27th July, at 3 p.m.

All boys learning orchestral instruments, whether in the School or privately outside, will be made welcome.

### SHE STOOPS TO CONQUER

On Monday, 20th July, the Vth and VIth formers attended a performance of Oliver Goldsmith's play, "She Stoops to Conquer".

This play is regarded as one of the classic comedies of the eighteenth century and is still appreciated today. He wrote it in an attempt, which we must judge successful, to escape from the stereotyped, sentimental comedy which had characterized this era.

Owen Weingott chose to produce this play in an unconventional manner, opening with scenes in everyday dress and gradually transferring into period costume. He also acted as the commentator, linking the scenes in this shortened version.

The standard of acting was high, but this was only to be expected from professional actors of this calibre. The production ran fluently, bubbling from one humorous episode to another. Interest was sustained by the actors throughout.

It is certain that the VIth formers were aided in their studies by seeing a performance of this standard.

DEBATING

On Friday 17th, a small crowd was present in the library when a somewhat provincial Junior Farmers' team debated against the Hodges House team. The S.S.J.F.C. team of Baker, Spence and Hill successfully affirmed the proposition that "Science is the Saviour of Mankind". However, the opposition, Worthington, Fisher and Whitten, were not disgraced by any means.

The audience was somewhat unresponsive to the subtler comments of both teams, but enjoyed the debate generally. Thanks must be given to Mr. Barlow for his adjudication and Mr. Rossel for taking the chair.

Tonight the First Team will debate against The Scots College at Bellevue Hill. If the team wins it will again debate against Grammar to decide the finalist to debate against Riverview. It is hoped the School will give this School activity much-needed support.

PROBLEM CORNER

(1) A man has two ten quart vessels full of wine, and a five quart and a four quart measure (both empty). How can he place three quarts in each of the two latter measures with a minimum number of manipulations. No wine may be spilt or otherwise wasted.

(2) A man travelling to New York comes to a fork in the road, but does not know which turn to take. Sitting at the fork is a Red Indian of whom the man has heard. He knows he may ask the Indian one question and one only, to which the Indian will reply either "yes" or "no". His answer will either be a complete truth or a complete lie. Find a suitable question which will force the Indian to reveal the route to New York.

1st XV v. T.S.C.

The game against Scots was even and played at a fast rate, but, on the hard ground, was unfortunately marred by many injuries. Despite strong attacking by Shore, Scots were first to score. A very bad pass by a Shore back fell to the ground, where it was picked up by the Scots winger who ran fifty yards to score. T.S.C. 3-0.

Wallman then scored in the corner after Shore had won a line-out. Hard, attacking play by both teams took place, but the score remained 3-3 until half-time.

Straight after the resumption of play Tubbs kicked an angled 35-yard penalty goal, bringing the score to 6-3 in Shore's favour. Minutes later a Scots player was injured while tackling and had to leave the field. Scots then won a ruck and, from a backline movement, scored. 6-6.

Twenty minutes later Bassingthwaighte gained the ball from a ruck but was tackled. Wallace picked up the loose ball and dived over to score. Tubbs converted. Shore 11-6.

Unfortunately, in this movement, Basingthwaight, who had previously been hurt, was again injured and had to leave the field. Shore again failed to hold the lead and Scots scored a penalty goal and another try. T.S.C. 12-11.

Then Scots again broke Shore's defence and one of their forwards dived over to score. T.S.C. 15-11.

Tubbs's kick-off travelled almost half the length of the field and Shore again played strongly but could not change the score.

## "WAR REQUIEM"

### Benjamin Britten

A recent announcement made by the Australian Broadcasting Commission should make the School very proud of what is being achieved here musically. We have been asked to provide a choir of treble voices for the first Sydney performance of Benjamin Britten's "War Requiem" to take place in December at the Town Hall under the direction of Sir Bernard Heinze. Recently a committee of prominent musicians from the A.B.C. Music Department visited the School to hear sung certain parts of the score, prepared by Mr. Winstanley and selected junior boys. They were so impressed with the quality of the singing that they have entrusted to our care the exacting task of performing some of the most delicate and ethereal parts of this complex work. Our group has been awarded this distinction ahead of some other schools of high standing and long experience in such choral work.

The "War Requiem" is regarded by many as one of the more significant large-scale choral works of this century. Written by Benjamin Britten, England's outstanding composer, it was performed for the first time in 1962. The work is composed for two male voices, soprano, full choir, boys' choir, organ and orchestra. As a requiem composed in memory of four servicemen, it contains much of the mediaeval Service for the Dead. The climax comes at the end with the baritone solo, set to the words of Wilfrid Owen's poem, "Strange Meeting", simple heart-rending words which stress the pity of war. "The Poetry is in the pity."

It is hoped that in a later issue, room will be found for greater detail of both words and music. In the meantime, the School can take pride in the fact that Mr. Winstanley's excellent work with our music is deservedly earning renown beyond the School.

## THE "WALLABIES" AT NORTHBRIDGE

The Australian Rugby Union team to tour New Zealand will train at Northbridge on Saturday at the conclusion of the games against Grammar, i.e. at 1 P.M. Boys and parents are invited to watch. This makes a suitable conclusion to an active football season in which the main School played over 400 games.

### ART FILMS

Two more Australian Art Films were shown during the lunch break on Wednesday, 22nd July: "Russel Drysdale" and "Sidney Nolan". Together with the one on "William Dobell" shown earlier, they represent a pictorial survey of much of the best work of these three well-known Australian artists. Dobell is enjoying great popularity at the moment, with a retrospective showing at the Art Gallery of N.S.W. His unusual but definitive portraits have provoked much discussion. Drysdale's stark paintings of out-back Australia are rich in colour and suggestion. Nolan is perhaps best remembered for his Ned Kelly series, so popular that he painted a second series displaying certain ghost-like qualities. The films were very faithful in their colour, sweeping across and into a painting to reveal greater detail. Any boys interested in art must have gained much from these excellent films.

### DEBATE v. T.S.C.

In the debate held last week against Scots the Shore team, Britton, Elliott and Marr, denied that "Moderation should be a guiding principle of all political parties", basing their arguments on the weakness of moderation.

Neither team debated with great fluency. The Scots team developed a more convincing argument, but Shore won because of better individual arguments and styles. The lighting system played havoc with concentration, and a more than mildly partisan audience was a problem at first.

The adjudicator apologised deeply for awarding the debate by a margin of only one mark, but felt the Shore win was justified. This result tied Shore and Scots, who held another debate on Wednesday 29, to decide the team for the finals tonight.

The seconds (Hamilton, Williams and Warren) lost the argument: "That we will never again fight for God, Queen and Country" by the heroic margin of fifty points. Their interpretation of "God, Queen and Country" as the British Empire, and their denial of pacifism was met with crushing, self-righteous indignation.

### TENNIS

Last Saturday at Redfern the junior tennis team played Grammar. Results:—

Doubles: Baker and Turk lost 2-6; Baker and Dollard lost 4-6.

Singles: Baker lost 2-6; Dollard lost 1-6; Turk lost 0-6.

Grammar 8 sets (48 games) defeated Shore 0 set (10 games).

## CLUBS and SOCIETIES

### CHESS RESULTS:

**1st XV v. S.J.C.**

In their last competition match, played against St. Joseph's, Shore missed their last opportunity to register another win.

St. Joseph's attacked from the start and displayed strong combination. St. Joseph's twice just missed scoring, but then from a ruck their backs passed out the ball and, with an overlap of two players, scored near the corner. S.J.C. 3-0. Four minutes later their half-back ran from a scrum, then passed the ball back inside and another try was scored. This time it was converted and St. Joseph's moved to an 8-0 lead. Shore then held St. Joseph's until three minutes before half-time when, due to loose Shore play, St. Joseph's forced their way under the posts and scored another converted try. S.J.C. 13-0.

St. Joseph's in this half won much more of the ball, and also used this possession much better by faster running and tighter play.

**DAVID JONES'**

**Wool Worsted "Castlereagh"**

**KNICKER SUITS**

No wonder they're famous for the long service they give! The knickers have double seats, side and hip pockets, adjustable side straps . . . jackets have silky linings, unbreakable fronts. Fit 5-14 year olds, in mid or dark grey pure wool worsted.

★ Also available, our famous "Romsey" suit for boys 13 to 18 years.

**YOUTH CENTRE**

**3rd Floor, Market St. Store**

Shore lifted their game and the second half of the match was scoreless. Both teams fought out the thirty-five minutes with neither side making an impression on the defences of the other, although Tubbs missed two penalty attempts.

The game was rather scrappy throughout and St. Joseph's, with tighter play and more possession from the start, deserved their 13-0 win.

All interested in joining are to watch notice board and put their names on the list. Membership will be restricted to Vth and VIth formers.

## G.P.S. FOOTBALL

We congratulate C. W. Stevens, G. J. Horrobin and A. F. Howell on their selection in the combined G.P.S. team. They will play in the firsts against the C.H.S. team on Saturday.

## CONTRIBUTORS

Those many members of the School itching to submit their original contributions for inclusion in the December issue of the "Torch Bearer" now have the opportunity to do so. They may be lodged with Dr. Visser or any of the sixteen members of the "Torch Bearer" Committee.

## THE LATE DR. E. F. N. CASH

We record with regret the death of Dr. E. F. N. Cash last week.

Dr. Cash had been a member of the School Council since 1929, and consequently has been a well-known figure to many Shore boys over a very long period of time.

In recent years the present generation of boys had come to know him more than the others because of the many photographs he had taken round the School. His cheery greetings and his genuine endeavour to record the life of the School at the time of its 75th Anniversary made him well-known to everybody in the School.

We express our sincere sympathy to Mrs. Cash and family.

## REVISION

1. The value of revision is to be measured not by the time put into it, but by the extra knowledge gained or the improved efficiency acquired.
2. Revision can be of two types: extra work done to acquire increased skill in some problem; and looking back over or looking again at some work which has been done earlier in the year.
3. Late in the school year, as the examination approaches, more and more time must be devoted to revision of what should be known.
4. **Planning** is an essential part of revision. But do not spend so much time making the plan that you do not do any revision.
5. The syllabus of any subject is divided into sections and sub-sections. Find these out, and revise each section and sub-section systematically.
6. Revision consists of making summaries; and then of making a summary of the summary. The more times you can revise your work the better you will understand it.
7. As the year goes on allot a certain amount of time **every night** to revision. At the **weekend** you should revise the previous week's work in order to keep pace with the teaching of the subject.

These suggestions should be read in conjunction with "Hints to Examination Candidates".

## SCHOOL SCIENCE RESEARCH

At the fifth annual School Science Research Competition, conducted by the Science Teachers' Association of N.S.W., the School was well represented amongst the prize-winners.

Britton, B. Campbell and Old won a prize in the Open Section for their project — "Water Waves Created By Falling Bodies," as did Osborne and Fitzherbert for their project entitled, "From Tensgrity to Geodesic Domes".

In the Junior, D. Selby and G. Shaw won a prize for their creditable piece of work conducting experiments with electricity.

## THE SHORE WEEKLY RECORD

Sydney Church of England Grammar School

Editor: T. M. DREVIKOVSKY

Secretary: B. D. MacDERMOTT

On Saturday, 1st August, an Exhibition and Presentation was held in the Sydney Town Hall, at which most entrants in the competition displayed their various projects and answered a great many questions put to them by the inspecting public. The noted scientist, Sir Mark Oliphant, presented the awards to the prize-winners and congratulated the entrants on their work.

## REFLECTIONS

**Daffynition: The Upper Crust**—A lot of crumbs held together by dough.

The following answers were submitted in a General Science paper given to a certain IIIrd form:

A "molecule" is a small animal living in the body tissues, e.g. bacteria.

Mass—all the particles in a piece of something.

Weight—the force of graberty.

Q.: Why does the weight of a body vary?

A.: Because big, fat boys eat more than people who eat very little.

Now one from an English paper: "To bury the hatchet" means "to hide the evidence".

## RAILWAY CLUB TOUR

It has been decided that the date of the Annual Tour be moved back one week, taking place on Sunday, 13th July, the last Sunday in the holidays. A two-car diesel like the ones connecting Liverpool and Campbelltown will depart from that place, proceeding to Moss Vale via the loop line and Hilltop, across to Unanderra, up through Wollongong to Sydney. Cost: 17/6 and 25/- + 1/- to Campbelltown for those under 15 or holding travel authorities.

## S.C.E.G.S. ASSOCIATION

The Apron and Gifts Stall workers are arranging an unusual Camellia Show along with a Meeting of East and West to be held in St. Andrew's Church of England Hall, Hill Street, Roseville, on Friday, 14th August, 1964. The display opens between 10.30 and 3.00 p.m. and also includes an Ikebana display. There will be cakes and goods for sale and coffee and biscuits. Admission, 7/6.

Mrs. L. W. DAVIES, 46-5275.

## AMERICAN TEA SWEET STALL.

The sweet stall is organising a mannequin parade, to be held at "Prevue", 460/462 Victoria Ave., Chatswood, on Monday, 10th August, commencing at 10.30 a.m. All mothers and their friends will be most welcome. Tickets can be obtained by ringing 46-4436 or 46-1431. Donation is 10/-.

## FASHION PARADE

The "Tot 'N Teen" Stall invites all the members of the S.C.E.G.S. Association and their friends to a Parade of Spring Fashions by Daphne Reynolds, of Chatswood, at the School Memorial Hall on Friday, 18th September, 1964, at 11 a.m. Coffee will be served in the Pillar Room at 10.30 a.m. Donation, 10/-.

## BOARD SHORTS

The "Tot 'N Teen" Stall will be selling board shorts fashioned from an exclusive pattern in Hawaiian prints. Also Hawaiian shirts.

## 1ST XV IN CANBERRA

On Friday last, 31st July, the 1st XV flew to Canberra to spend the weekend and play Canberra Grammar School. After a smooth flight down we were met at the airport and went off from there with our respective billets.

The next morning at 11.00 a.m. the Headmaster gave a talk on "Captaincy and Tactics" in the Demonstration Room of Canberra Grammar School, which was attended by members of both Canberra Grammar School and Shore. Some members of the team spent the morning being shown the sights of the rapidly developing new Canberra, and in the afternoon we all assembled at their main oval for the match at 2.45 p.m.

From the kick-off Shore's heavier pack dominated the forward play in both set pieces and the loose play and after five minutes of the first half a forwards' passing rush down the sideline resulted in Swift going over for a try. Sheehan kicked a good goal and the score was 5-0 to Shore.

Play was soon back down into Canberra's territory and from a ruck 15 yards out Bassingthwaighte cut through the Canberra defence to score near the posts. Sheehan converted and it was 10-0 to Shore.

Canberra began fighting back well with several good back-line movements, but speedy Shore defence and bad Canberra handling and passing killed the movements short of the Shore line. Again Shore managed to get down near Canberra's line and from a scrum ten yards out Lyttle went over for a good try. Sheehan failed to convert and the score remained 13-0 until half-time.

Shore continued to get a major share of the ball in the second half with many fine penetrating back-line movements being stopped just short of the Canberra line. Swift scored his second try after a strong barging run and the score rose to 18-0 after Sheehan converted the try.

From a line-out the ball went out along the back line and Wallman went over in the corner for a good try. Sheehan converted; Shore 23-0. The next points came when Horrobin barged over to score in the corner from a line-out and the final score in the match was Shore 26, Canberra Grammar School 0. Scorers for Shore were: Swift 2, Bassingthwaighte, Lyttle, Wallman, Horrobin tries; Sheehan 4 goals.

After the game we had afternoon tea in their School Dining Hall and then went home to our billets. That night there was put on a very successful dance for the team at St. John's Church Hall, where all enjoyed themselves very much.

**SCOUTING NEWS**

On the evening of Tuesday, 28th July, several members of the Senior Troop were able to take advantage of an invitation to a barbecue at the 1st Lindfield Scout Hall to meet Sir Edmund Hillary. As well as meeting friends from other Senior Scout Troops of the Northside, they were able to hear personally from Sir Edmund of his most recent trip to the Himalayas, including his work in establishing Sherpa schools. The slides which were shown of these activities and the ascent of Everest were interesting to us, as the Troop has in recent years emphasized rockclimbing. Three Seniors have their Rockclimber's Badge and last May the Troop spent several days at Katoomba climbing the Three Sisters and the walls of Narrow Neck.

David Bigg has recently obtained his Forester and Conservation Badges, which are of particular interest to him as he comes from Canowindra. As a consequence on Sunday, 26th July, he was invited to a field day at the Ryde Horticultural School run by the Men of the Land. Also the Senior Scout Leader, accompanied by the two Senior Patrol Leaders, who are in first year at the University, are making a week's trip to the Snowy, staying at Perisher Valley, in the first week of University holidays. Other trips are planned for the two weeks coinciding with School holidays, being mostly 30-mile hikes for the Venturer Badge, which is one of the main requirements for the Queen's Scout Award. All of this only goes to show the wide scope of Senior Scout activities.

Several weeks ago Mr. Morell and the Senior Scout Leader, N. Heath, investigated camp sites in Megalong Valley and have chosen a spot there for the Boy Scout camp in August.

**DEBATE**

Shore lost the debate last Wednesday week through every fault of its own. Both teams had improved greatly since their last meeting, but the sense of balance in the Scots team and their consistency won them the contest. The Shore team was too fragmented; Britton, young conviction; Elliott, Elizabethan rhetoric; and Marr, amused quibbling.

The subject was "That the British Commonwealth has no future like the past". The Scots (opposition) suggested that the qualities of the past would continue, while Shore maintained that basic changes in the Commonwealth are imminent.

The adjudicator, Mr. Robson, came out of debating retirement for the evening, and his comments were witty as well as penetrating. His assessment of the arguments was the most valuable given all the season and if both teams could only have heard it earlier their style would have been greatly improved.

Tonight a debate will be held in the library against Cranbrook and all are welcome. Later in the year it is hoped to hold an open debate for 5th and 6th formers in which anyone may stand up and speak.

**JUNIOR FARMERS**

The Shore School Junior Farmers' Club has decided to expand its activities and thus plans to become a

School Club. This move has been taken because of the many requests received and it is hoped that membership will increase by at least the number of requests received. New members are asked to apply through the president, J. L. F. Hill, VC.

## SPECIAL NOTICES

### SCHOOL CORPORATE COMMUNION

This will be held on Thursday, 20th August, 1964, at 8.40 a.m.

Visiting Clergy will assist.

It is the only opportunity in the year afforded to all Communicants, Day Boys and Boarders, to gather together as one worshipping community at the Lord's Table in the School Chapel.

Personal spiritual preparation should be made for this solemn service.

A service for non-communicants will be held at 11 a.m.

Preacher: The Rev. G. R. Fletcher, Rector of Northbridge.

## GIFT TO MUSIC ROOM

We wish to record the generous gift of Mrs. Merewether to the music room.

It comprises her son Richard's collection of rare recordings by world-famous artists on 78 records, now unobtainable. In addition, Mrs. Merewether has given a portrait of the distinguished British conductor, Sir Malcolm Sargent, painted by her late husband.

We are most grateful for these gifts.

## SCHOOL CONCERT

The Annual School Concert is a concert from the whole School. To date it is a Junior School Concert. More group items from Vth and VIth formers are therefore needed for a balanced programme. There is also room for another Boarder's Item. See Mr. Winstanley this week.

## SCRIPTURE UNION

Would members please obtain their cards for 1964-65 and their notes for September-October as soon as possible from Mr. Morell, and pay for them (7/-) if they have not yet done so? Several Vth formers in particular have failed to collect recent material. Would anyone who does not wish to continue membership please have the courtesy to notify Mr. Morell?

New members of this scheme to help us read God's Word regularly and systematically are always welcome; but a warning, any scheme requires perseverance. If interested, see Mr. Morell.

## DEBATE

Last Friday evening two teams debated against Cranbrook. Although the first team was makeshift it acquitted itself well and only lost by a slight margin.

The firsts denied the proposition that "Man's most prized freedom is freedom from responsibility". In this denial they had a slight advantage but failed to make proper use of it. Both the arguments heard were somewhat irrelevant, and as it came out both sides received equal marks for matter.

The aspect of the debate which decided it was the manner in which both sides presented their arguments and this is where the more experienced Cranbrook team had the advantage. Britton was an amusing speaker, although at times he lost the attention of his audience. Cameron was a little nervous, but improved as he spoke and finished up quite confidently. The third speaker, Fisher, quite effectively answered most of the government's arguments.

The second team—Baker, Jenkins and MacDermott—was lucky to defeat Cranbrook by the very slight margin of two points. The team was affirming the proposition that "The Left is Right".

The Debating Society is grateful to both Mr. Jones and Mr. Rossell for their adjudication.

## PREPARATORY SCHOOL SPORTS

All parents and friends are invited to attend the Preparatory School Sports on Saturday, August 15, at 9.15 a.m. at Northbridge. Correct wear for boys is a Shore athletic singlet, white shorts (cricket shorts will do), white socks or school-grey hose. Clean white sandshoes. Boys may use running shoes in track events. No boy is to take part in any event barefooted. Additional warm clothing should be brought.

### GEORGE FREDERICK HANDEL

(1685-1759)

This composer concerns us especially this year, for he produced what was the climax of the special 75th Anniversary Service—the "Hallelujah Chorus" from "The Messiah".

Unlike many composers, Handel was born into a well-to-do family, but suffered the disadvantage of an unmusical father, a surgeon in Halle, Saxony. His aunt smuggled a clavichord into the attic of his house, and after wrapping cloth around the strings to mute them, he practised to his heart's content. His father eventually discovered him, but the flame of his son's genius could not be extinguished. By the age of eleven he had had thorough training in performing all keyboard instruments, the oboe and the violin.

After writing his first two operas he went to Italy in 1706, where he stayed for three years, acquiring the skills of Italian opera. On his return to Germany, he was appointed choirmaster to the elector of Hanover, but he obtained leave of absence to go to London, where he stayed, having great success with operas.

It was very awkward for him when his old master came to England as George I, for he had completely neglected his duty to the court at Hanover. Both men were regarded as clumsy (and well-built) by the English, and neither had the tact for a reconciliation. He eventually found favour with the king after composing the Water Music Suite for him.

After a while Handel was without a rival, and he made the most of it. For ten years he churned out operas, which have nearly all been forgotten, and made a considerable profit, being gifted with good business sense. This characteristic is illustrated by the story of one of his prima-donnas, who gave herself airs other than those he had written for her. Handel would take no nonsense and threatened to throw the voluptuous soprano out of the window. She only capitulated after he had held her at arm's length, dangling from the third floor.

In 1726 Handel was naturalized, and soon he began writing English oratorios, having decided that opera, although profitable, was too shallow for his scope. His style changed gradually from those with a preponderance of arias to almost completely choral parts.

By 1738 he had fully developed his style, and produced "Israel in Egypt".

"The Messiah," completed in 16 days because he thought that he would soon die, is often regarded as his greatest work in this field. In 1745 he became bankrupt, and after recovering financial stability he began to lose his sight. Nevertheless, he continued composing, by dictation to his valet if it was necessary, and he supervised performances of his work. He died in 1759 and was buried in Westminster Abbey.

Although we tend to think of Bach and Beethoven as the greatest composers, Beethoven believed that Handel was.

This untiring genius had so much power of work that the total bulk of his compositions is almost equal to the bulk of the works of Bach and Beethoven combined.

### "WHAT'S YOUR EXCUSE?"

The following excerpts from motor vehicle accident claim forms appeared in "Stateworks" some months back.

I knocked over a man. He admitted it was his fault, as he had been run over before.

I collided with a stationary bus coming the other way.

I left my Austin Seven outside and when I came out later, to my amazement, there was an Austin Twelve.

To avoid a collision, I ran into the other car.

I collided with a stationary tree.

Dog on the road applied brakes causing skid.

Wilful damage was done to the upholstery by rats.

I blew my horn but it would not work as it was stolen.

A pedestrian hit me and went under the car.

I thought my side window was open but it was up as I found out when I put my head through it.

Cow wandered into car. I was afterwards informed that the cow was half-witted.

She suddenly saw me, lost her head and we met.

I misjudged a lady crossing the street.

The car in front stopped suddenly and I crashed gently into the luggage grid.

1. One of  $n$  hostages is to be killed. Each man is to draw a ball out of a sack, which contains  $(n - 1)$  white balls and 1 black ball. The one who draws the black ball is to be killed. Apart from any psychological advantages, is it an advantage to draw early or late? Can this be proved?

2. If the letters of words are considered as variables then words such as "church" can be abbreviated to c2h2ur. What words have the following abbreviations:

- (a) m3a2l
- (b) i4s4mp2
- (c) m2r2e3b
- (d) e2r2o2nus ?

3. If a brick balances evenly with three-quarters of a pound and three-quarters of a brick, what is the weight of the brick?

4. A garrison had bread for 11 days. If there had been 400 more men each man's daily share would have 2 ounces less; if there had been 600 men less, each man's daily share would have been increased 2 ounces, and bread would have lasted 12 days. How many pounds of bread did the garrison have?

**G.P.S. v. C.H.S.**

Last Saturday the annual G.P.S. v. C.H.S. football matches took place at the Sports Ground. Throughout the first half of the main match, the C.H.S. team attacked consistently and continually forced the G.P.S. team into his own half with forward rushes, and at half-time the score was 11-3.

In the second half, the G.P.S. team improved and pressed their opponents' line, but long kicks by the C.H.S. fullback held them off until they tired and let through the C.H.S. backs for two more tries to leave the score 19-3, the only G.P.S. score coming from a field goal by their five-eighth and captain, McCormack. The three Shore players in the team, Howell, Horrobin and Stevens, acquitted themselves well, with Stevens winning a major share of the line-outs and Horrobin and Howell constantly keeping up with the ball.

Before the main match the G.P.S. second XV narrowly defeated the C.H.S. second XV 16-14.
